Serving Red Cards

- All send offs (red cards) have a minimum 1 game suspension which must be served in the next league or cup game played by their team.
- Games must be played to count (forfeit's do not count), nor do scrimmage or friendly games scheduled to work off red cards
- For all suspensions earned in USA games, proof of service of suspension must be provided to USA in the form of a game report.

Game Cards

- Players who are “suspended” will have a red line appear through their name on the Got Soccer game card.
- Since the “red line suspension” will not be removed till a score is entered for USA league games played, it is possible for a player to be eligible due to a delay in entering the score of the game where the red card was served and the printing of the game card. For this reason, the red line is a guideline.
- Coaches must list the reason on the game report for any red lined player is participating in a game
- Should a coach play a player or coach who is suspended, the coach can expect to have charges filed for playing an ineligible player which is suspension for the remainder of the season plus a season.
- The Got Soccer system can not track coach ejections, those will be tracked on the USA website.

- All Red Cards and send offs must be reported by **both** teams using the [USA Send Off Report](#).
- It is the coach's responsibility to be knowledgeable of the rules; to sit a player receiving a suspension and to report it properly, once served.
- All proof of service requires sending a copy of the USA Game Report to [Sheri Doback](#), Administrative Coordinator.
- Game reports can be uploaded via the [Report of Suspension Served](#).*

**TIP: Most mobile phones take pictures that can be uploaded to this site.*

Team Responsibilities

- Teams are responsible for verifying that new members do not have existing suspensions.
- Teams are responsible for notifying leagues when cards are served.
- For Non USA league red cards and other non-league suspensions, teams provide proof of service to the FYSA office.
